About us

Amity University Dubai is a leading international university in the UAE and is part of a global brand that has campuses in **Dubai, London, New York, San Francisco, Singapore, Uzbekistan, Kenya** and **multiple campuses across India**.

With a distinguished track record in the region, Amity University Dubai is licensed by the UAE Ministry of Education (MOE) and the Knowledge and Human Development Authority (KHDA) in the UAE, with degrees accredited by the MOE through the Commission for Academic Accreditation (CAA).

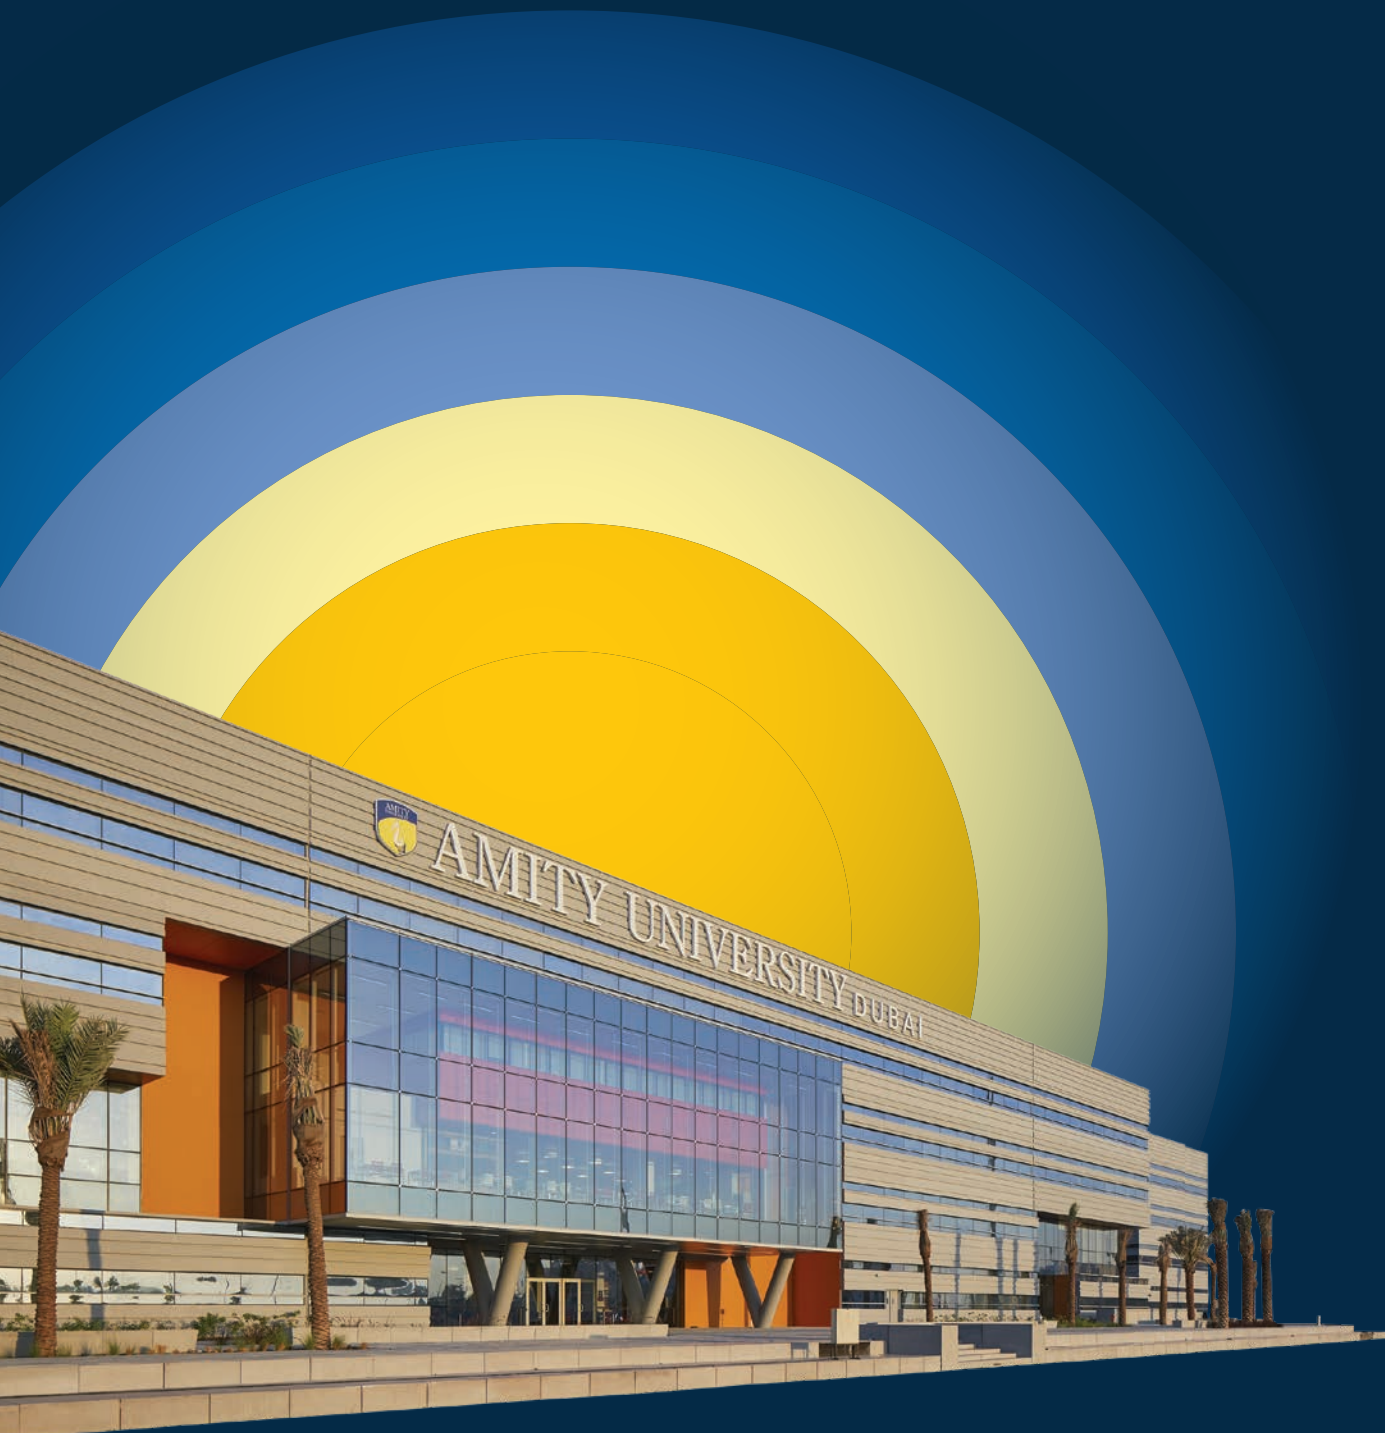

The university is internationally accredited by the Western Association of Schools and Colleges (WASC) and the Quality Assurance Agency (QAA).

Amity University Dubai offers more than 30 programmes, including foundation courses, bachelor degrees, master degrees and PhD programmes, spanning industry sectors including business, engineering, computer science, journalism, fashion design, hospitality & tourism, forensic science, architecture, media and law.

Amity University Dubai has supported many alumni who have made their marks across the world through notable contributions in various industries and professional sectors at leading multinationals such as SAP, Canon, KPMG, DHL, Hilton, Siemens, Pfizer, RAKBANK, Sharaf DG, Sony, DAMAC, 3M, Apparel Group, Aster and more.

The Dubai campus is spread over a 700,000 sq ft area with world class facilities and state-of-the-art labs for specialised courses such as aerospace, construction, media, design, hospitality and more, for real-life simulations and on-the-job learning. The campus also has sporting facilities such as a 400m running track, indoor swimming pool, basketball courts, cricket nets, tennis courts and more.

Amity University Dubai is home to more than 2,000 students from over 70 nationalities with over 120,000 alumni worldwide.

Accreditation

Amity University Dubai is licensed by the UAE Ministry of Education (MOE) and the Knowledge and Human Development Authority (KHDA) in the UAE, with degrees accredited by the MOE through the Commission for Academic Accreditation (CAA). The university is internationally accredited by the Western Association of Schools and Colleges (WASC) and the Quality Assurance Agency (QAA).

CAA accreditation for degrees is an important factor for future job seekers, with benefits including:

- Assurance to students that a university meets international education standards.
- Validation of the quality of education programmes.
- Universal recognition for credit transfer and further education abroad.

UAE Ministry of Education and CAA

Amity University Dubai has been granted an institutional licensure from UAE's Ministry of Education through the Commission for Academic Accreditation (CAA). The Commission for Academic Accreditation (CAA) is the UAE Federal Government Quality Assurance Agency for Higher Education.

The Association to Advance Collegiate Schools of Business (AACSB)

Amity University Dubai is a member of The Association to Advance Collegiate Schools of Business (AACSB) Business Education Alliance. The AACSB provides an international seal of approval for business programmes that ensures the educational needs of students are met through high quality, continuous improvement and excellence in education.

WASC Senior College and University Commission

WASC is a regional accrediting agency that serves a diverse membership of both public and private higher institutions throughout Hawaii, the Pacific, California and a few institutions outside of the United States. Amity University Dubai was the first private university in the UAE to receive an accreditation from WASC.

Quality Assurance Agency

The Quality Assurance Agency (QAA) safeguard standards and improves the quality of UK higher education wherever it is delivered around the world. Amity University Dubai was the first university to be successfully reviewed in the UAE.

Professional Certifications

Our degrees are formally recognised by leading professional organisations including:

International Assembly for Collegiate Business Education (IACBE) for all Management Programmes.

Amity University Dubai is a Corporate Partner Member with the Royal Aeronautical Society, UK.

IET accreditation for our Computer Science, Telecommunication, and Aerospace programmes.

Business degrees are accredited to 5 different professional qualifications – ACCA, CMA, CIMA, SAS, and CILT – from UK and USA.

Amity University Dubai is the only CAA-accredited university in the UAE offering a Chartered Institute of Logistics & Transport (CILT) Level 4 Advanced Diploma to MBA and EMBA students.

About Dubai

Dubai is a city that incorporates a home away from home lifestyle, inhabiting a diverse population with people building their dreams from around the world. It is impossible to feel alone in Dubai as it beholds a community for every country, city and interest.

The city is best known for its year-round sunshine, fascinating deserts, endless beaches, luxurious hotels and shopping malls, heritage attractions and thriving business communities. Being a dominant business hub, more than 400 of the Fortune 500 companies have their Middle East head offices based in Dubai.

Dubai has developed itself as one of the leading education hubs and an attractive destination for international students for higher education. The city is a connecting point for international passengers, and a hub for tourism, logistics, finance, and business.

The employability, job opportunities and business possibilities are vast in Dubai. The availability of different free zones such as Dubai Internet City, Dubai Media City, Dubai Knowledge Park, Dubai Design District, Dubai Science Park and Dubai Industrial Park, and multinational companies, corporate offices and international events are increasing the possibilities of employability in the UAE.

As Dubai solidifies its position as the preferred higher education destination in the Middle East, international universities are encouraged to open branch campuses since it widened eligibility for its UAE Golden Visa.

Under the new laws, the UAE Golden Visa programme grants 10-year residency to high-performing students in UAE secondary schools, outstanding graduates from UAE universities, and students from the best 100 universities worldwide who meet specific eligibility criteria.

For this reason, studying in such a business-driven city can help anyone with perseverance succeed in finding and building a prosperous career that is recognised and celebrated when taken anywhere outside.

UAE is considered the 2nd safest country, and Dubai is the 7th safest city in the world (2023), according to Numbeo Crime Index, making it a desirable destination for international students and visitors.

Why Study in Dubai?

Location/Airport connectivity

Dubai is closer to many home countries compared other education destinations such as USA/UK/AUS/CAN.

Ease of acquiring visas

Many students have less problems acquiring student visas from the UAE when compared to western countries.

International recognition of qualifications

Degrees offered by Amity University Dubai are accredited locally, federally and internationally, with MOHE and CAA Accreditation, KHDA licensing and the WASC, NAAC and UGC.

Students looking for job placement

Students working in Dubai are able to work in any of the 5,000 multinationals within the dedicated industry free zones, such as Dubai Internet City, Dubai Media City, Dubai Knowledge Park, Dubai Design District, Dubai Science Park and Dubai Industrial Park.

Quality of Life in Dubai

Experience the shopping, lifestyle, events and excitement of living in one of the fastest growing and most exciting cities in the world.

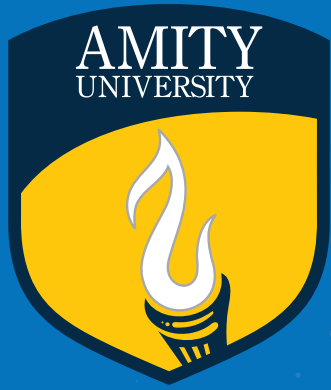

Cost of Living

Dubai has a lower cost of living when compared to major metropolitan cities in USA/UK/AUS/CAN.

Safety

The UAE is considered the 2nd safest country and Dubai being the 7th safest city in the world as per the 2023 Numbeo Crime Index.

Why study at Amity University Dubai?

Amity University Dubai firmly believes that although your classroom learning activities are important, much of what students learn occurs outside the classroom. It is focused on advancing the UAE's vision as a higher education hub and developing the global human capital requirements needed to produce the next generation of leaders.

As a result, students, faculty, and staff work side by side to provide a rich and varied range of social, cultural, arts, sports, and recreational activities for various lifestyles. We currently offer more than 30 degrees, spanning industry sectors including business, engineering, computer science, journalism, fashion design, hospitality & tourism, forensic science, architecture, media and law.

Our campus is also unique and is the largest private university campus in the UAE, measuring 700,000 sqft and has won the Best Campus at the Forbes Middle East Higher Education Awards in 2019.

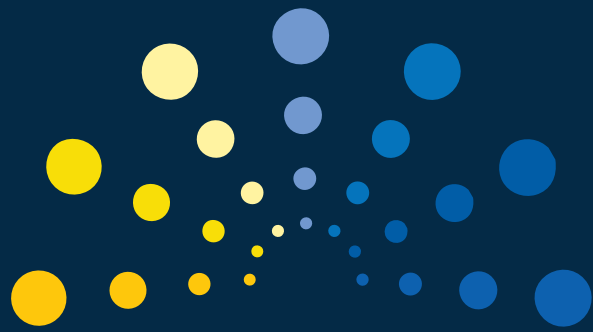

The campus has not only sporting facilities such as a 400m running track, indoor swimming pool, basketball courts, cricket nets, and tennis courts but also specialist laboratories for hands-on training, including an aerospace lab, mechanical engineering workshop, civil engineering construction lab, mechatronics lab, mock law court, forensic lab (CSI), nanotechnology lab, electronics lab, physics lab, fashion design lab, and design workshop, and hospitality suite with lobby, hotel room ensuite mockup, kitchen, dining room and café.

Amity University Dubai prepares students for the workplace of the future by providing them with critical thinking and problem-solving skills through career readiness platforms and a Student Placement Centre, allowing them to thrive in the professional world.

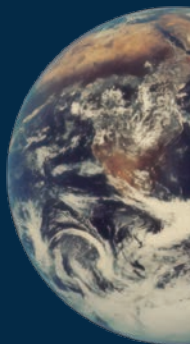

The university serves as a knowledge enabler, providing a platform for innovation and guidance towards a career, offering globally recognised degrees that match the needs of future employers. The university also includes mentorship from seasoned industry experts during their studies to prepare them for the workforce. As a result, job placement rates for Amity University Dubai graduates are 91%.

If you are looking for a university to prepare you for your career, then you have made the right choice with Amity University Dubai.

Why choose Amity University Dubai?

An international university in Dubai

An internationally accredited degree in one of the most exciting cities in the world.

Receive a CAA-accredited degree that will allow you to work anywhere in the world.

Part of the Amity Education Group universities, with campuses in Dubai, London, New York, San Francisco, Singapore, Uzbekistan, Mauritius and India.

Excellence in Learning & Research

Strong cohort of qualified academics, leaders in their respective fields, with strong ties to industry.

University's degrees have been formally recognised by international professional organisations, including ACCA, CPA, AHRI, CIM, CIMA, CIPS, EFQM, ACS and more.

Reputable, established & accredited

Amity University Dubai was established in 2011 and now has more than 2,000 students from 70 nationalities.

12 years of growth across multiple campuses, with expansion into our current 700,000 sqft campus.

Locally, federally and internationally accredited, with MOHE and CAA Accreditation, KHDA licensing and degrees. AUD is internationally accredited by the Western Association of Schools and Colleges (WASC), the Quality Assurance Agency (QAA), and University Grants Commission (UGC).

Job placement rates of 91% for Amity University Dubai graduates.

Safe learning environment & infrastructure

Higher quality of student life when compared to home countries and a significantly lower crime rate than other major metropolitan cities. 4 of the UAE's cities including Dubai, are in the Numbeo Top 10 safest cities in the world, with the UAE being the 2nd safest country in the world.

Global student mobility between campuses in UK, USA, Singapore and India.

Globally recognised degrees that enhance employment outcomes of Amity University Dubai graduates both in Dubai and internationally.

Our Campus

At Amity University Dubai, we bring together creative, open-minded students to gain more than just an outstanding education; they are exposed to a world of opportunities, getting things done, not just in theory, and learn from faculty who are masters in their field.

Amity University Dubai offers degrees to bridge the global skills gaps in sectors such as STEM, communications, healthcare and business, ensuring students are prepared and will develop problem-solving skills that will contribute to the needs of regional and global economies.

Our university helps cultivate creative minds and enables the next generation of creative thinkers and successful working professionals to fulfil the needs of the global economy.

We are the largest private university in the UAE, with state-of-art facilities – having won the Best Campus at the Forbes Middle East Higher Education Awards in 2019 – and are committed to delivering world-class education.

Laboratories and Workshops

Our campus features specialist laboratories for hands-on training, including an aerospace lab, mechanical engineering workshop, civil engineering construction lab, mechatronics lab, mock law court, forensic lab (CSI), nanotechnology lab, electronics lab, physics lab, fashion design lab, design workshop, and hospitality suite with lobby, hotel room ensuite mockup, kitchen, dining room and café.

Dining Facilities

At our campus, you can choose to enjoy a cup of coffee or have lunch in our catered cafeteria, where the menu changes daily, with options available for vegetarian and non-vegetarian and other dining facilities.

Students have access to a fully dedicated Tim Hortons coffee shop on campus, and are able to use their student ID's to avail discounts.

Our café and restaurants provide a range of tasty food selections and traditional dishes from a variety of cuisines available to them or can order freshly made pasta, fried rice, noodles, shawarma, manakish and more from the cafeteria's live food station.

Sporting Facilities

Amity University Dubai provides a competition-size swimming pool, soccer field, athletics track, tennis, padel tennis and basketball courts, and a multi-purpose indoor sports stadium. Students can explore a range of sporting activities on campus.

The on-campus gym has aerobic equipment, including treadmills, exercise bikes, climbers, rowers, and weight-resistant equipment such as dumbbells, bench presses, and more; a fitness studio covered with long mirrors and equipment is used to organise regular group sessions or classes.

Our Degrees

Amity University Dubai is committed to providing its students with the essential skills and knowledge required to succeed in today's competitive job market.

With more than 30 bachelor's and master's degrees in fields such as business, engineering, computer science, journalism, fashion design, hospitality & tourism, forensic science, architecture, media and law, we ensure that students have a wealth of options to explore.

As a university, we pride ourselves on our commitment to providing a high-quality education and student experience. Students can tailor their education to meet their unique career goals.

Amity University Dubai is the perfect place to invest in your future and find your ideal degree. Book a one-on-one consultation session with our admissions counsellors to learn more about our range of degrees and how they can help you achieve your goals.

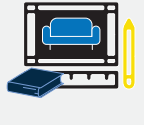

Bachelor's Degrees

At Amity University Dubai, we pride ourselves on offering bachelor's degrees that are focused on providing students with practical and relevant skills for the workplace. Whether you are interested in business, science, or the arts, our degrees are designed to equip you with the knowledge and abilities needed to succeed in your chosen field.

Degree	Summary	Duration	Classes Commence	*Fees Per Year (AED/USD)	Career Paths
Architecture and Design					
 Bachelor of Architecture	<p>Learn how to design sustainable and modern environments that positively impact cities worldwide. With a focus on aligning buildings with pre-existing structures and providing effective services, graduates of this degree are well-equipped to consider the environmental impact of their designs.</p> <p>If you're passionate about drawing and design, have strong skills in physics and maths, and possess creative problem-solving abilities and analytical thinking, pursuing this degree is for you. By combining artistic and technical skills, you can create innovative and practical designs that meet the needs of clients and communities.</p>	5 Years	September 2023 January 2024	AED 45,000 USD 12,330	<ul style="list-style-type: none"> o Architect o Urban Planner o Product Designer

Master's Degrees

The master's degrees offered by Amity University Dubai place a significant emphasis on the development of strategic thinking, leadership abilities, and the vital skills necessary to navigate the constantly evolving and challenging global environment.

Pursuing a master's degree not only enables you to specialise in your field of interest but also provides you with a distinct advantage in a fiercely competitive job market. While a master's degree is crucial for certain positions, such as clinical psychologist and CEO, it is incredibly advantageous for a wide range of other roles, including marketing director, supply chain planner and entrepreneur.

Degree	Summary	Duration	Classes Commence	*Fees Per Year (AED/USD)	Career Paths
Architecture and Design

Doctorate Degrees

A Doctor of Philosophy, or PhD, is an intensive degree that enhances a student's understanding in their chosen field of interest. For researchers and academics, embarking on a PhD is significant step in deepening your expertise. One of the major reasons of undertaking a PhD is to help find solutions to global issues.

Our experienced faculty provides extensive guidance and support for our PhD candidates, ensuring they are prepared for the next step in their academic journey. Pursuing a PhD will expand your knowledge and further develop your research skills, expanding your expertise in Engineering and Forensic Sciences areas.

Degree	Summary	Duration	Classes Commence	*Fees Per Year (AED/USD)	Career Paths
Engineering					
 Doctor of Philosophy (Engineering)	<p>This degree is for candidates who want to advance in the engineering field, engage in research or shift their current career focus. Offered in full-time and part-time modes, the degree focuses on interdisciplinary research and exchanging ideas.</p> <p>Candidates are required to complete advanced coursework and independent research under the supervision of experienced researchers and present a thesis on their chosen area of study. They'll also have to complete advanced coursework in engineering and carry out independent investigations into specialised areas.</p> <p>Applicants with M. Tech / M.E. / M.S. qualification with a minimum of 60% marks or with a minimum CGPA of 6.0 on a 10-point scale or equivalent grade point average and with a minimum of 60% aggregate in Xth, XIIth and B. Tech / B.E. will be considered eligible for admission.</p> <p>This degree is the perfect opportunity to expand your knowledge if you possess advanced knowledge of mathematics and physics and excellent problem-solving skills that demonstrate creativity.</p>	3 to 5 Years	September 2023 January 2024	AED 60,000 USD 16,440	<ul style="list-style-type: none"> o Professor o Chemical Engineer o Aerospace Engineer o Engineering Management o Petroleum Engineer o Civil Engineer o Researcher

Foundation Programmes

Amity University Dubai's Foundation Programme (AUFPP Technical and Non-Technical) focuses on bridging the gap between high school qualifications and joining a university for further education. This programme has been specially conceptualised for students who intend to strengthen their fundamentals and want to equip themselves with the tools needed to tackle the curriculum at the Amity University Dubai Campus.

The full-time one year programme is project-based and students are encouraged to take on industry-focused projects based on their field of interest. To complete the Foundation Programme, students are required to earn 36 credits over 2 semesters. Semester 1 includes four common core courses after which students can choose between Technical or Non-Technical streams of subjects. Semester 2 includes 3 courses and 1 mandatory individual project.

Our Foundation Programme is a 1 year course and is listed at 30,000 AED.

Admission Requirements

The minimum academic entry requirements and admission criteria for Amity University Dubai depends upon the type of high school curriculum you have followed. The minimum requirements based on the most common high school systems are outlined below:

Student Accommodation

Student Accommodation

On-campus housing is the most convenient place for students to live while studying at any university. At Amity University Dubai, this is no exception. Enjoy living on-campus and being close to the academic buildings, library, food court and sports complex.

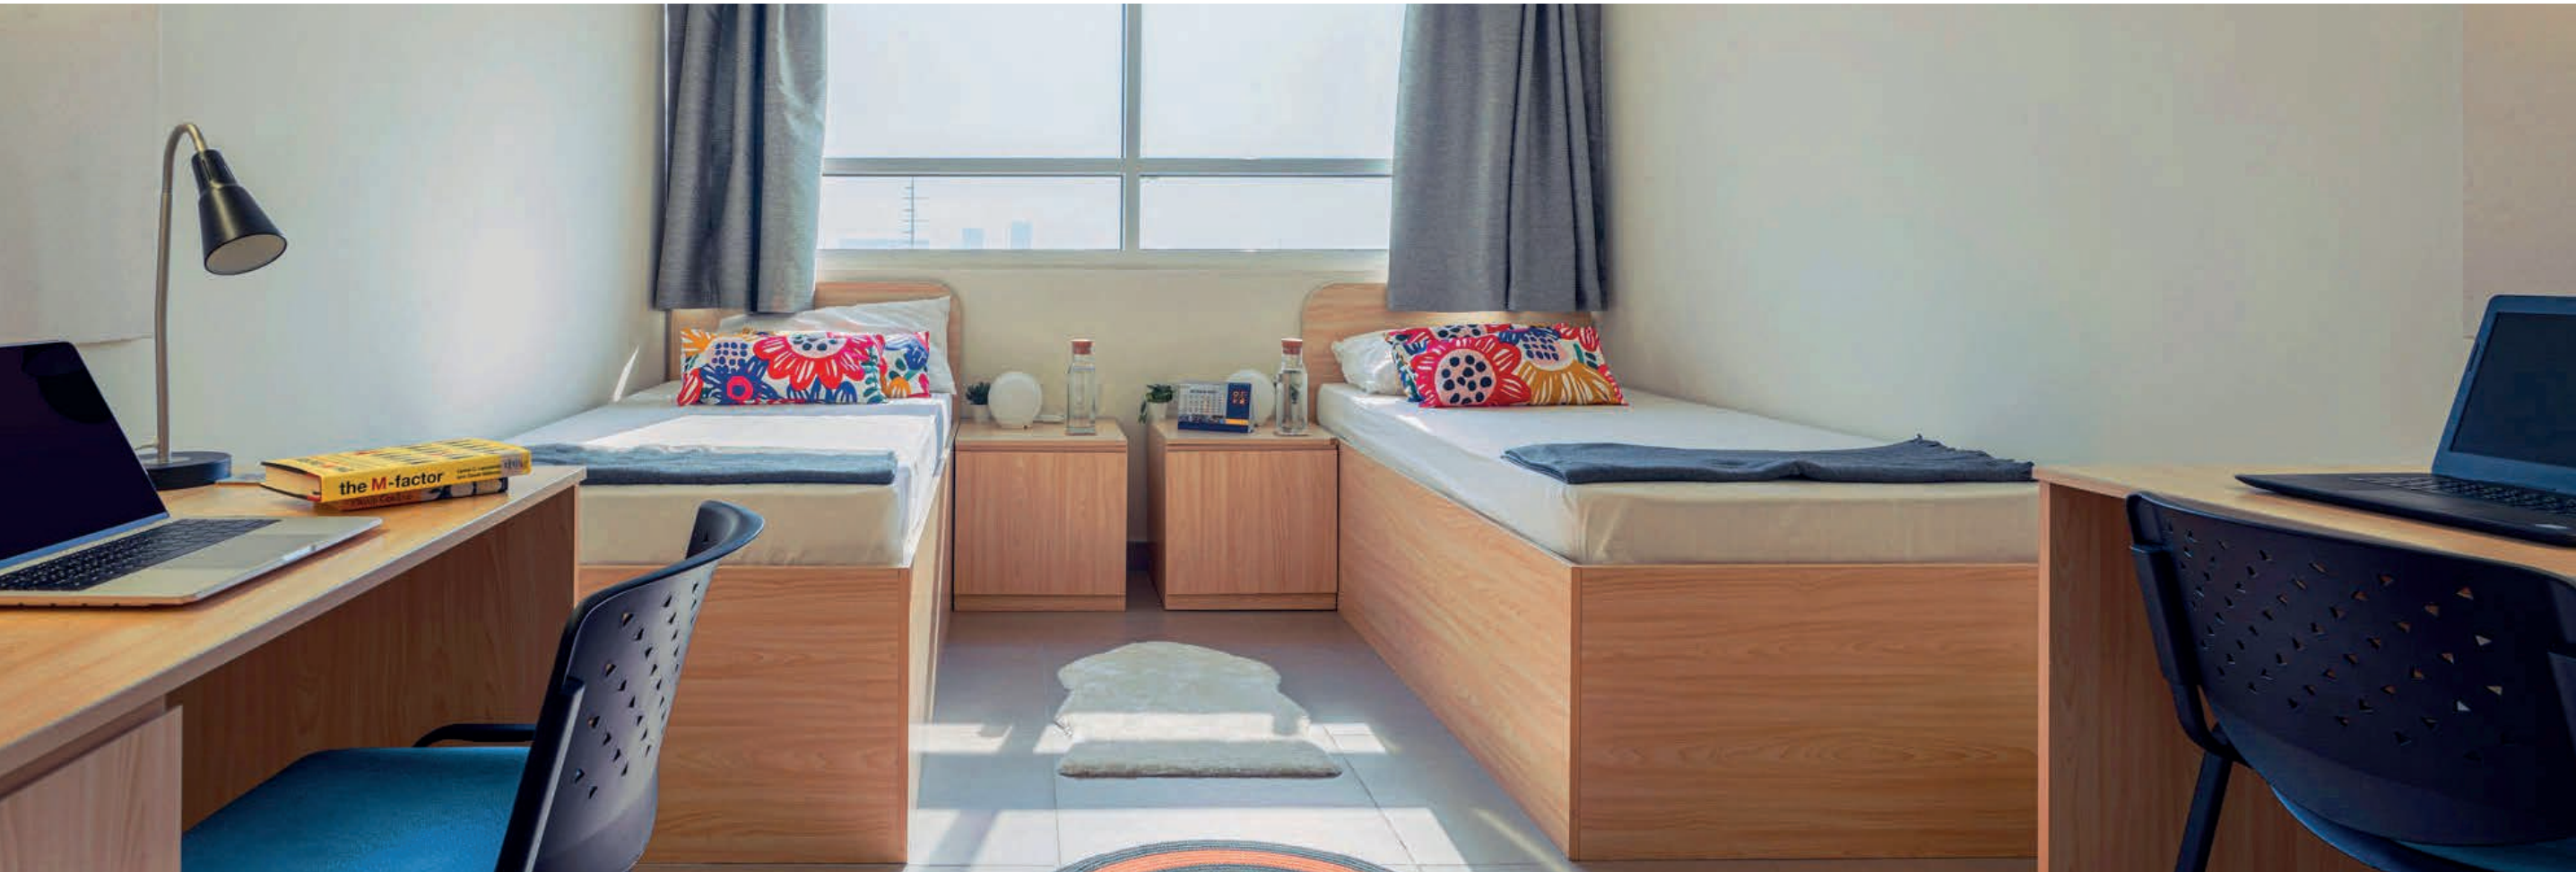

Our men’s and women’s residential halls offer a living environment that is very rich in its multicultural atmosphere and offers you a balanced mix of social and academic activities. The residential halls allow you to live, relax, exercise and study comfortably.

The student accommodation prices include the following:

- Continental breakfast served in the hostel dining area each morning.
- Free housekeeping and cleaning services once per week.
- Free laundromat usage.

For more information, email Ankur Kohli, Student Residence Manager, at akohli@amityuniversity.ae or call 04 455 4803.

Hostel Fee (Per Academic Year)	AED	USD
Single Occupancy (per student)	AED 35,000	\$ 9,590
Double Occupancy (per student)	AED 20,000	\$ 5,480
Refundable security deposit	AED 2,000	\$ 550

Facilities

The residences accommodate students and have several guest rooms for visiting faculty and guests. Each student is given room keys, credentials to connect up to four devices to the WiFi and access cards to ensure the safety and security of residents. A functional and supervised gym is available for students, and a laundry room, leisure room, study area and functioning kitchen are all accessible to residents.

Male and female residences have separate entry and exit points. In addition, there is 24-hour security and extensive CCTV coverage in common areas to fulfil our commitment towards ensuring safety on campus.

Students can choose between double or single rooms, which are fully furnished with basic necessities and an ensuite washroom.

Located within the education hub of Dubai International Academic City, the student residences are well connected with local bus and taxi services, multiple eateries, shopping malls and medical service providers.

Recreation Room

Campus Living is an open area with natural sunlight and large glass windows overlooking Dubai International Academic City. The space includes sofas, chairs and tables that students can use to meet with friends and classmates or work on projects and study. Students can use this bright space anytime during the day.

Gaming Zone

At Amity University Dubai, we recognise the importance of balancing academics and leisure. That's why we have a designated Gaming Zone. This is a popular shared space where students can come together to unwind and de-stress.

In the Gaming Zone, students can enjoy a pool game, play a foosball round, compete in a FIFA match on one of the four PlayStations, or even check out some traditional board games. Everything you need to feel right at home on campus.

The Gaming Zone is located on the 1st floor of the campus; it is open to all students from 9 am to 6 pm.

Student Exchange

Amity University Dubai's Student Exchange Programme allows students to travel and study abroad at leading international universities in countries such as Belgium, the Netherlands, Poland and the UK.

Open to second-year business students studying for bachelor's degrees, our Student Exchange Programme allows you to study abroad at partner universities for one or two semesters. Our partner universities include Thomas More University in Belgium, Hanze University of Applied Sciences in the Netherlands, University of Economics and Human Sciences in Poland and Solent University in the UK.

We are also able to accept and welcome students each year from our partner universities abroad. Students from our partner universities have the opportunity to study at Amity University Dubai without paying any tuition fee to us – students will continue to pay the fee to their home university.

As an exchange student:

- Earn credits towards your degree while studying abroad.
- Study for up to two semesters under the exchange programme agreement.
- Receive a tuition fee waiver from partner universities but will be responsible for other expenses such as Visa/ transportation/ accommodation/ insurance, and textbooks.

The student exchange programme is currently available for second year students for the following degrees:

- Bachelor of Business Administration
- Bachelor of Commerce in Accounting
- Bachelor of Finance

Our exchange partner universities include

	Summary	Country	Founded	Website and logo
Thomas More University	<p>Thomas More is the largest university of applied sciences in Flanders, offering more than 30 Dutch-taught and a range of English-taught bachelor degree programmes and postgraduates in the province of Antwerp. Thomas More offers exchange programmes in English, for students from partner universities.</p> <p>The university is part of the KU Leuven association. KU Leuven is ranked in the QS top 100 universities in the world and 45th place in the Time Higher Education University Rankings.</p>	Belgium	2012	 https://www.thomasmore.be/en/welcome
Hanze University of Applied Sciences Groningen	<p>Hanze University of Applied Sciences, Groningen (Hanze UAS) is the largest university of applied sciences in the northern Netherlands. Hanze UAS offers both bachelor's and master's degree programmes in a variety of fields, such as art, business, communication, engineering and health.</p>	Netherlands	1986	 https://www.hanze.nl/en
University of Economics and Human Sciences in Poland	<p>The University of Economics and Human Sciences in Warsaw is a place of new opportunities. For over 20 years, as one of the leading universities in Poland, they have been conducting extensive academic research in the fields of human, social, and economic sciences.</p>	Poland	2001	 https://vizja.pl/en/
Solent University Southampton	<p>Solent University is focused on the practical side of higher education – giving students the connections, experience and confidence to turn their newfound knowledge into a career with real, meaningful impact.</p>	UK	1989	 https://www.solent.ac.uk/

Studying abroad with Amity University Dubai offers an exciting opportunity to grow personally and professionally while making lifelong friendships and gaining cultural sensitivity and global awareness. International students from partner universities are also welcome to study at Amity University Dubai, further adding to the cultural diversity on campus, where students from over 60 nationalities are currently studying.

Students who meet the following requirements are eligible to apply for the programme:

- A GPA of 3.0.
- Completed at least two semesters of a Business degree in the host campus.
- Fluent in both written and verbal English.

If you are looking to travel abroad while studying and explore exciting international locations, then apply to the Student Exchange Programme at Amity University Dubai.

Write to studentexchange@amityuniversity.ae to nominate yourself to be an exchange student, letting us know your name, contact information, email, degree you are studying and why you would like to study abroad.

Career Services

Amity University Dubai has become the preferred choice for student placements – due to our on-campus Student Placement Centre – at leading companies across various sectors, including insurance, fashion, banking, technology, real estate, hospitality and more.

From internships, part-time opportunities and full-time jobs, our Student Placement Centre helps students find the right employment fit for them, with 91% of Amity University Dubai graduates secure employment after graduation.

Our Student Placement Centre also hosts workshops to strengthen students' ability to find employment to support them through their transition from the classroom to the workplace.

Over 100 top recruiters and companies across a wide range of sectors, including hospitality, finance, food, fashion, and lifestyle, regularly hire from Amity University Dubai – and the list is growing.

Every year our Student Placement Centre hosts our Annual Placement Week, where various recruiters and companies visit the campus to scout for top talent who would love to join their team. Many industry professionals also regularly visit the University to interact with students and share their career experiences.

To learn more about our placement services, contact crc@amityuniversity.ae.

UNITORS

Amity University Dubai's Incubation Centre is a one-of-a-kind initiative that helps students turn their ideas into reality. The centre enables students to get first-hand experience in entrepreneurship, promotes innovation-driven activities in the university and provides a comprehensive and integrated range of support, including mentoring, training programs, networking and an array of other benefits.

The Incubation Centre, a certified incubator under Dubai SME, is an ultimate innovation hub that brings together and builds a community of mentors, entrepreneurs, volunteers, innovators and students. From ideation to conception and execution, the centre has mentored 19 student start-ups, each at a different stage.

Activities and Services provided by the Incubation Centre:

- **Mentorship:** Encourage, experience, expertise and EQ for entrepreneurs who want to fast track a business start-up idea into action.
- **Networking:** We help with networking and meeting other entrepreneurs, customers, industry leaders and support agencies.
- **Business Support:** We help you prepare business plans and set-up a company.
- **Technical Support:** We connect you with industry experts for technology sourcing & transfer.
- **Legal:** We provide assistance in handling legal issues.
- **HR Support:** We can help you recruitment interns for your startups.
- **Licensing:** We support and contribute to the acquisition of a relevant Trade License.

The Incubation Centre welcomes business ideas from every sector, to enable students from every discipline to reach their entrepreneurial potential.

Extracurricular activities and Clubs

Our active campus life has consistently been a draw for students. We believe being an active club member will enhance students' communication, leadership, networking, and more. From performing arts, sports, technology, culture or community engagement, we have something for every student at Amity University Dubai.

Below is a list of our clubs:

- 1. Amity Dance Club:** The club aims to boost the morale of students and highlight the talent of dance and creativity. It provides an opportunity for all dance lovers to prove their talent and explore their artistic skills.
- 2. Amity Music Club:** The club showcases singers and instrumentalists performing songs of languages around the world.
- 3. Amity Drama & Theatre Club:** The Amity Drama & Theatre club is all about developing aesthetic awareness, appreciation, knowledge, attitudes and skills necessary for expressing art through drama.
- 4. Amity Media Club:** Whether it's filmmaking, photography, music composition, editing, or any other creative skill, the club is filled with brilliant minds who can produce excellent material.
- 5. Amity Literary Society:** The Amity Literary Society is a dynamic community of writers, poets, speakers, debaters, and literature enthusiasts and engage in many activities, including slam poetry, story and blog writing, Model United Nations, quizzing and debating.
- 6. Amity Fashion Club:** Modelling is the main focus of the club. Ramp models and Photoshoot models are two separate sections of our club. Ramp walks and photo shoots are two different activities that require two distinct sets of skills. At Fashion Club, we refine the models to make them even more effective at work. Amity University Dubai is represented in intercollegiate events by the fashion club here.
- 7. Amity Youth Club:** The club aims to nurture, mentor and express the views of today's youth and spread awareness on the uprising issues in society, and create a platform to express all these views through multiple events comprising programmes like dance, music, skit, poetry, and art.
